Advanced Defrag Version 5.0.0.18
Makes your Windows PC fast and stable!

[Home](#) [Register](#) [About](#)

Disk Defragmenter

Disk Defragmenter is able to completely analyze hard disks and intelligently rearrange the files and folders on your hard drives so that they can be processed faster.

Real-time Defragmenter

Real-time Defragmenter will automatically detect out fragments on the hard disk, then defrag on the background quietly with a very low CPU usage.

Optimization Tools

Registry Cleaner **Junk Files Cleaner**

Optimization tools
Use optimization tools to increase the performance of your PC and enjoy fantastic system speed.

Speed Up Your Windows PC
