

[DmC Devil May Cry 1 DLC \(2013\) PC \[RELOADED\] Tournament Hack](#)

THEIR TRUTH IS A LIE

The Dante of DmC is a young man who has no respect for authority or societal norms. Dante knows that he isn't human, but as a hybrid he's not like the demons he's been programmed. Now, through his life caught between worlds, he feels like an outcast. He is now discovering and coming to terms with what it means to be the child of a demon and an angel. This split personality has a real impact on gameplay. With Dante being able to switch between angel and demon abilities at will, transforming his rebellion sword on the fly to dramatically affect both combat and movement.

The Devil May Cry DNA of stylish action, rewarding combat and a brash, smart-talking protagonist all remains. However, it has now injected with a dark and brutal gameplay that promises to redefine the franchise.
