
[NETGEAR WG111v3 Driver Setup .rar](#)

Installation Instructions

The instructions in this chapter are for an Access Point (Infrastructure) installation. Wireless security, advanced settings, and Computer-to-Computer (Ad Hoc) instructions are covered in [“Network Connections and Wireless Security” on page 11](#).

Follow the instructions below to install the Wireless Adapter.

1. First, install the software. Insert the NETGEAR CD. If the CD main page does not appear, double click Autorun.exe on the CD.
 - a. Click Install the Software. The Check for Updates window will open.
 - b. If you are connected to the Internet, click Check for Updates. If not, you can choose to install from the CD.
 - c. When the Installation Complete message appears, click Next.
 - d. On the Smart Wizard screen, click Next to proceed with the Smart Wizard setup.

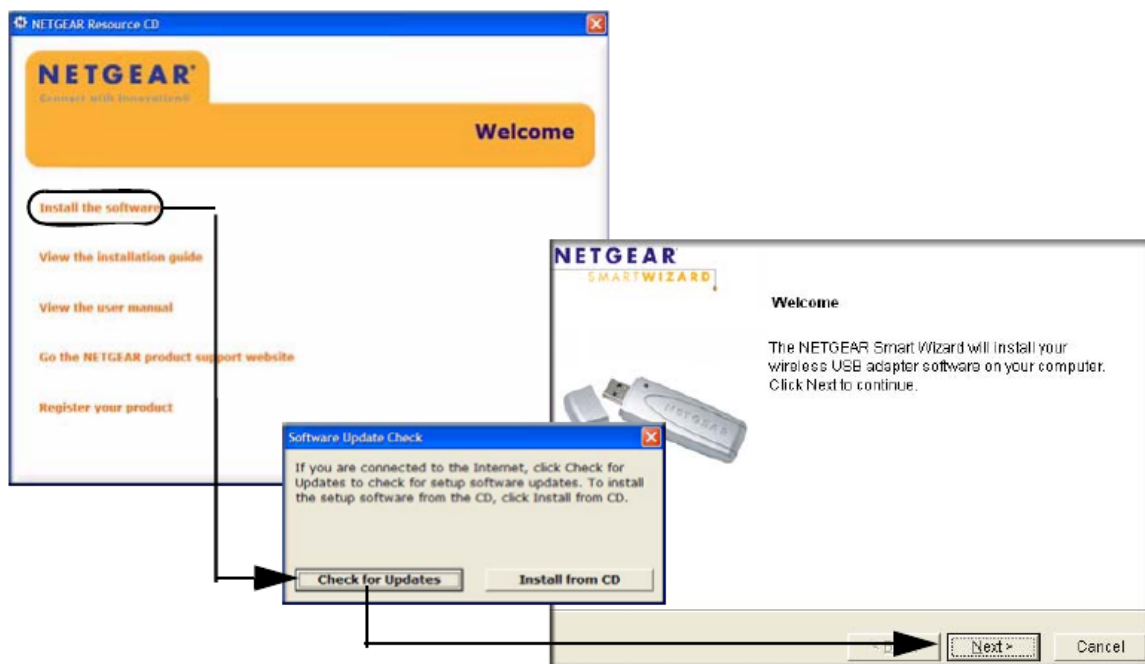

Figure 1

2. Now, when prompted, insert your wireless USB adapter.
 - a. Click **Next** to proceed. Windows will discover the adapter and continue the software installation process.
